

A lean & transparent SUPPLY CHAIN

for the sourcing of Retail Fixtures and Permanent Point Of Purchase (PPOP) equipment

WHY SHOULD I CHANGE SUPPLIER?

You should always remain competitive. LeanPie provides the opportunity to confirm that you already have a great price or we provide an opportunity to get an even better price. **WHY WOULD YOU NOT BENCHMARK YOUR CURRENT PRICES?**

What makes LeanPie different?

We understand **COST**. We don't just ask for quotations, we develop an internal estimate for a competitive market price and then tender to low-cost specialist manufacturers. We then investigate thoroughly to identify the **best possible price**

Sourcing in
China, Romania, Turkey, Poland

“ACHIEVE” at least a

20% cost saving

versus
current sources of supply

HOW COMPETITIVE ARE YOU?

What are our credentials?

- An executive team with 100+ years experience in retail fixtures and permanent POP
- We have worked with the vast majority of Fortune 500 companies
- We have experience in building successful start-up companies
- We only hire engineers and experts in this field

Are we manufacturers?

No, we do not carry the burden of having a manufacturing plant. We are flexible and can find the best factory to source from, which also means we have no restrictions on manufacturing methods. You will always receive the **best global deal for every single order**

We are 100% LEAN
so you don't pay
for anything that
doesn't deliver
value to you

Our “COSTS” speak for themselves

WHAT IS YOUR LEVEL OF SERVICE?

Do we supply from the UK for short lead times?

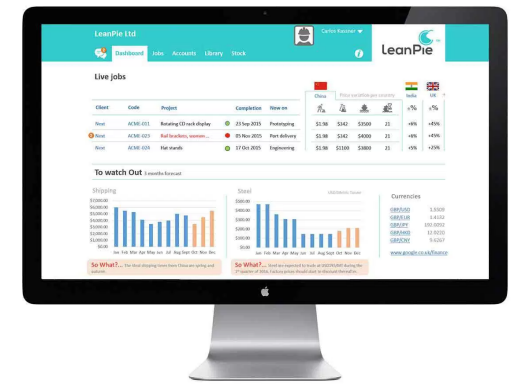

We will find the best source of supply to meet your specific needs; China, Eastern Europe or UK

This will take into account your requirements for cost, quality and lead-time

Our platform and supply chain experts will find the fastest and lowest cost transportation option for you

Our platform enables real-time communication and project status updates

What is our level of service especially as we are 'virtual'

We don't spend time in an office

You also don't need to spend time travelling to our office

Our philosophy is to deliver to you, our customer, the best possible service

We will come to you whenever you need us!

DO YOU TAKE FULL LIABILITY?

Do we take full responsibility should things go wrong?

Yes, of course we take full responsibility for delivering to you **EXACTLY** what you ordered

We are rigorous about supplier certification, production quality and customer service in addition to QA and QC

QUALITY ASSURANCE

We will ensure the technical specification of the product is fit-for-purpose and enables production efficiency

QUALITY CONTROL

We undertake extensive QC reporting to ensure that the product is manufactured exactly to the agreed specification
